To Whom It May Concern,

RE: LETTER OF SUPPORT FOR STEVE STARK, TSAWWASSEN SHUTTLES INC.

It is my pleasure to recommend Steve Stark and his business Tsawwassen Shuttles Inc. (TSI) for the Indigenous Business Awards' Business of the Year.

Mr. Stark has proven himself a leader and inspiration to his community, clients, and business partners. Earlier this year, Mr. Stark spoke to FortisBC employees with an inspirational message openly sharing how he overcame many challenges through the support of his community and his own perseverance. His journey out of addiction is a telling one – from his commitment to pursuing education after personal trauma to establishing his own, successful business.

It is clear that Mr. Stark has drive, professionalism, and loyalty to the community that supported him in his growth. He's giving back to his community by becoming a leader, not only as an elected Tsawwassen First Nation Councillor and local business owner, but as an active mentor to young people. His continued commitment to growth and mentorship has had a positive, lasting impact on those who have the opportunity to work with Mr. Stark.

Here at FortisBC, we are actively looking for opportunities to work together with Mr. Stark and TSI. We recognize and value his hard work and dedication to education, change, and youth empowerment. Mr. Stark is professional, committed to his community, and a strong representative. We look forward to working with him and are pleased to recommend TSI for the Business of the Year award.

Sincerely,

A handwritten signature in black ink, appearing to read "Roger Dall'Antonia".
